TOMRA

CLEAN LOOP RECYCLING

TOMRA T90™

The all-in-one with more to store

Offer your customers a great recycling experience

From the interactive user interface screen to fast and efficient container handling, powered by TOMRA Flow 360° recognition technology, you can give your customers every reason to love recycling at your store.

Manage your peak volume with minimal maintenance

Experience continuous operation even during peak hours. With two full-size Euro pallet bins, the T90 has the largest storage capacity available in the STANDALONE LINE, so you can accept more containers before you need to empty a bin.

All-in-one function that's efficient and user friendly

Accept, sort, compact and store up two types of recyclables, including refillables, all in one machine. The T90 is designed to be easy to clean, simple to empty, and seamless to operate.
Make the most of your space

Design a configuration that provides the best use of your space and provides peace of mind for your employees. Choose to empty bins from the front or the rear, install through a wall or wrap the machine for sleek integration with your retail space.

TOMRA T90

Digital tools extend your machine capabilities

Keep your RVM operations running even more smoothly and connect with your customers in exciting new ways with TOMRA's digital tools that fully integrate with your T90.

LET'S PUT RECYCLING TO WORK FOR YOU

TOMRA's vision is Leading the Resource Revolution, helping to manage our planet's precious resources, today and tomorrow.

We believe that Clean Loop Recycling is the simple solution for keeping used beverage containers out of the waste stream, moving valuable materials from single use to multiple use.

As a retailer, you're at the heart of Clean Loop Recycling. You play a critical role at the point where consumers buy and return their containers.

Let's put recycling to work for you, and together we can maximize the positive impact for your customers, for your business, and for the planet.
